

The Saint Paul Hotel Named Top Hotel in Mpls-St. Paul by US News Best Hotels Rankings

St. Paul, Minn. (June 2011) – The Saint Paul Hotel has been named the top hotel in the Mpls-St. Paul area by the 2011 U.S. News rankings of the Best Hotels. This distinction is awarded to the highest ranking hotels on U.S. News & World Report's new list of the Best Hotels in the USA.

According to U.S. News and World Reports, "the new rankings identify the best hotels based on three factors that are combined to determine how each property ranks. First, we gathered the hotel's recommendations and accolades from reputable travel publications. Second, we collected the hotels' expert ratings, which are assigned by other travel media. Lastly, we pooled hotel guests' opinions from their comments in online user reviews." The highest-ranked properties have been identified as the Best Hotels in their respective destinations.

"We are delighted to be recognized as the top hotel in the Twin Cities area by U.S. News," said Saint Paul Hotel General Manager David Miller. "It is a tribute to the ladies and gentleman who work so hard to ensure every guest has an excellent experience."
